

8MP turret camera

IP CAMERA / 2.8 MM FIXED LENS / SMART DUAL ILLUMINATION

Detailed 8MP imaging with intelligent detection and illumination up to 30 metres.

8MP AT 25 FPS

STARVIS CMOS sensor

SMART ILLUMINATION

Night illumination up to 30 m

BUILT-IN MIC

PoE / IP66 outdoor camera

TECHNICAL SPECIFICATIONS / CAMERA

Sensor / resolution	1/2.7-inch STARVIS CMOS sensor with ICR; 8MP at 25 fps.
Lens / compression	2.8 mm fixed lens; H.265 / H.264 video compression.
Image processing	True WDR, defog, HLC, BLC and aisle mode.
Night illumination	Smart dual illumination; illumination distance up to 30 m.
Intelligent detection	Intrusion, single / double line crossing, loitering, wrong-way and illegal parking detection with human / vehicle detection support. People counting.
Audio / local storage	Built-in MIC (microphone); SD card slot; reset function.
Power / connection	12 V DC or PoE (IEEE 802.3af); DC power input or Ethernet port.
Protection / dimensions	IP66. 118 mm diameter x 94 mm depth.

SUPPLY & SYSTEM NOTES

Camera and NVR are separate products. Network cables are not included; no hard drive is supplied. Use a compatible PoE NVR or PoE supply, or a suitable 12 V DC supply.

NETUS app monitoring is listed for the CCTV system. Available analytics and remote functions depend on the NVR and firmware.
